FOR IMMEDIATE RELEASE

Voorhees High School student wins 11th annual NJCTS Children's Scholarship award

The New Jersey Center for Tourette Syndrome & Associated Disorders (NJCTS) is proud to announce Katherine M. Muentener as a recipient of the 2012 NJCTS Children's Scholarship. Muentener, who will graduate from Voorhees High School, was selected for her academic achievement, community service and accomplishments as an individual with Tourette Syndrome – a neurological disorder that affects 1 in 100 children.

Muentener, who in her submission essay termed her experience with Tourette Syndrome as "significant," has been a part of the Voorhees Key Club, Spanish Club and both the junior varsity and varsity volleyball team as a player and manager. She also has been an active Girl Scout and has volunteered as a summer camp counselor and a trainer at J.W. Tumbles

NJCTS congratulates Muentener, who will attend Monmouth University in the fall, on her achievements and wishes her continued success in her academic and career endeavors.

Since 2001, the NJCTS Children's Scholarship Award has been awarded to more than 200 outstanding high school seniors in the state of New Jersey who have excelled in their schools, communities and lives – representing themselves as excellent advocates for Tourette Syndrome. To learn more about the scholarship program, this year's other scholarship winners or discover other NJCTS programs and services, please visit **www.njcts.org**.
