“Overlook Medical Center is proud to sponsor the Youth Advocate 5K Family Run/Walk,” said Dr. Roger Kurlan, of Overlook Medical Center’s Movement Disorders Program. “With pleasure, we support the NJ Center for Tourette Syndrome & Associated Disorders in their mission to help children and families with these disorders through their statewide efforts to enhance education outreach and peer advocacy programs. We are thankful for their efforts in organizing the walk.”

The goal of the Youth Advocate 5K is to provide a day dedicated toward awareness, acceptance, action and advocacy on behalf of the children and families affected by Tourette Syndrome, ADHD, OCD, anxiety disorders, Asperger's Syndrome and other neurological disorders.

“Overlook Medical Center’s generosity in support of New Jersey’s kids is greatly appreciated and will go a long way toward achieving the event’s goals,” NJCTS Executive Director Faith W. Rice said. “We are excited to partner with Overlook Medical Center, which is dedicated toward walking the walk and standing up to help kids with neurological disorders.”

The event will feature the 5K, followed by a family picnic, fun, music and entertainment. Registration begins at 8:30 a.m., followed by warm-up at 9:30 and the walk at 10:00 sharp. More information is available by visiting www.njcts.org or by calling 908-575-7350.
