NJ Walks for TS at Princeton to debut April 6, 2014 and will support the NJCTS Children's Scholarship Program

Registration and fundraising for this awareness and fundraising walk, which will take place at Mercer County Park in West Windsor, will commence on January 6

WEST WINDSOR, N.J. – The New Jersey Center for Tourette Syndrome & Associated Disorders (NJCTS) is proud to announce that its signature NJ Walks for TS program is expanding with the debut of NJ Walks for TS at Princeton in 2014.

Coming on the heels of highly successful awareness and fundraising walks at [Ramapo College](#) and [Mendham](#) in 2013, NJ Walks for TS at Princeton will take place Sunday, **April 6**, at Mercer County Park in West Windsor. Like its sister walks, this event also will be a family fun run/walk over a 5K course.

“I’m very excited about the Princeton-area 5K walk on April 6 at Mercer County Park. This will be a great opportunity for folks in Central and Southern New Jersey to get family and friends out to help support the NJ Center for Tourette Syndrome,” said Tim Kowalski, a member of the NJCTS Board of Directors and chief organizer for this event. “This wonderful organization has helped so many kids with TS through its education outreach, family support and peer advocacy programs.”

The proceeds from NJ Walks for TS at Princeton will support another of NJCTS’ core services – the [Children’s Scholarship Program](#), which over the past 10 years has awarded scholarships to more than 200 graduating New Jersey high school seniors affected by Tourette Syndrome. These students have excelled in their studies, in their communities and in their personal lives – representing themselves as top-notch advocates for TS.

NEW JERSEY

WALKS FOR TS

LOCATION
**Mercer County Park,
West Windsor**

DATE
Sunday, April 6

TIME
**1 p.m. registration/
check-in
2 p.m. walk**

“The Children’s Scholarship Program is essential to NJCTS’ goal of supporting students affected by Tourette Syndrome who desire to further their education beyond high school,” NJCTS Executive Director Faith W. Rice said. “This program has been highly successful to date, but each year there are more students in need of aid who exhibit excellence in academic achievement, community service and accomplishments as an individual with Tourette Syndrome. We cannot provide this program without the continued support of the TS community through events such as NJ Walks for TS at Princeton.”

Registration and fundraising for NJ Walks for TS at Princeton will commence on **January 6**, and more information will be available on www.njcts.org at that time. Later in January, NJCTS will open up the nomination process for the 2014 NJCTS Children’s Scholarship Program. More information about that program is available by calling 908-575-7350.
