“MAKE A CONNECTION”

Adults with Tourette Syndrome often find it difficult to locate, get to know and ultimately bond with other adults going through the day-to-day struggle of living with this neurological disorder.

The NJCTS Connection, which meets monthly at the TS Clinic on Rutgers University’s Busch Campus in Piscataway, is designed to provide face-to-face discussion, encouragement, friendship and networking opportunities for adults ages 18 and up.

If you are interested in attending the NJCTS Connection, please RSVP to NJCTS Family Outreach Coordinator Leanne Loewenthal at 908-575-7350 or lloewenthal@njcts.org.
