“MAKE A CONNECTION”

Parents of children with Tourette Syndrome often find it difficult to locate, get to know and ultimately bond with other families struggling through similar circumstances.

The NJCTS Parent Connection at Atlantic/Ocean is a bi-monthly meeting designed to provide face-to-face discussion, encouragement, friendship and networking for families affected by Tourette Syndrome and its associated neurological disorders.

Other meetings are available in Middlesex/Union, Somerset/Hunterdon, Morris/Sussex and Burlington/Camden counties.
