

TS Awareness Rap

Tim H., Anthony (Nick) A.

Chorus:

“Aint nobody messin’ with my neurological ticks
Ticks, ticks, ticks, ticks”

“Ain’t nobody understanding my neurological ticks
Ticks, ticks, ticks, ticks”

“When they look around they don’t like my Ticks
Ticks, ticks, ticks, ticks

“All these bad ticks, they don’t got to, they don’t got, they don’t got me.

Chorus

I know people think that it’s just blurting out
But its more than just that ‘cause we do more than shout.

Folks that don’t know say we got low IQ
Yet there’s smart people with TS like me and you.

We can’t control it like you think we can
And it affects us all from Jersey to Japan

It’s not just swearing, it’s more than that.
My TS will never hold me back, it’s a scientific fact.

Chorus

I may not have muscles but I have grit
It’s like a superpower, it’s super lit.

Some people follow, I like to lead
I make a new path so I can succeed.

Resilience is why I get back quick.
My positive vibes really stick

I only roll with the advocates
That is because I stand as one of the GreaTS
