Don't miss this opportunity!

This Fair is offered at no charge to families of students with special needs from Mt. Olive and neighboring counties.

Although Transition begins when student is 14 years old; it is never too early to learn about the process! Transition is a very complex and important step in a student's life and requires individualized and advanced planning. We hope that this Fair provides useful, practical information and tools for students and families seeking to prepare for and improve upon their current transition process.
