

NJ Center for Tourette Syndrome
AND ASSOCIATED DISORDERS, INC.

WEDNESDAY WEBINARS

EDUCATIONAL SEMINARS FOR THE COMMUNITY INTERESTED IN TOURETTE SYNDROME & ASSOCIATED DISORDERS

Launched in 2008, the NJ Center for Tourette Syndrome and Associated Disorders (NJCTS) Wednesday Webinar series draws an audience from across the United States and from 15 countries.

The series has featured more than 60 online seminars for individuals, families, educators, and professionals on topics of interest to the Tourette Syndrome and associated disorders community.

Neurologists, psychologists, psychiatrists, social workers, educators, nurses, and nutritionists facilitate webinars which take place once a month from 7:30 pm to 8:30 pm EST, at no cost to participants.

A full archive of past webinars is available on our website, including:

- Tourette Syndrome: A Psychiatric or Neurological Disorder
- After the Diagnosis & Beyond the Tics: Tourette Syndrome in Childhood and Adolescence
- Medication Management for Tics and Tourette Syndrome
- School Refusal and Anxiety: Keeping Your Anxious Child in School through Coordinated Interventions
- Selective Mutism: Coordinated Behavioral Approaches for Therapists, Parents, and Schools
- 504 Accommodation Plan vs. Individualized Education Plan

Professional Development Certificates or Certificates of Attendance are available for a nonrefundable fee of \$20.

"I'm always looking for things to do to help my 11 year old manage his Tourette's, OCD, ADHD and this year at school has been difficult. Thank you for having the webinars open for us."

—Parent, NJ

"The presentation was clear and provided useful information to me as a counselor in a middle school setting."

—School counselor, NJ

"The information is pertinent to my daily practice and does clarify some of the issues that come up in my day."

—Psychologist, VA

"Excellent presentation. The information was presented clearly, and the concepts can be applied in a school setting. The strategies are child and adult friendly."

—School nurse, PA

The NJ Center for Tourette Syndrome & Associated Disorders, Inc. (NJCTS) is the nation's first Center of Excellence for Tourette Syndrome (TS). Through partnerships and collaborations, NJCTS provides a continuum of services, support and education for families; outreach and training for medical and educational professionals; and advocacy for collaborative research for better treatments and a cure for TS.
